

BMS

INSTITUTE OF TECHNOLOGY AND MANAGEMENT

An Autonomous Institute Under VTU, Accredited by NBA and NAAC
Yelahanka, Bengaluru-560119.

Volume - 12, Issue – 03 Monthly Newsletter / March - 2026

BMS
INSTITUTE OF TECHNOLOGY AND MANAGEMENT

Dharmaprakasha Rajakarya Prasakta
LATE SRI. B. M. SREENIVASAIAH
Founder
BMS College of Engineering

LATE SRI. B. S. NARAYAN
Founder
BMS Educational Trust

Vision
To emerge as one of the finest technical institutions of higher learning, to develop engineering professionals who are technically competent, ethical and environment friendly for betterment of the society.

Mission
Accomplish stimulating learning environment through high quality academic instruction, innovation and industry-institute interface.

MoUs / Awards / Recognitions

- The Department of Artificial Intelligence & Machine Learning (AI & ML) has entered into a Memorandum of Understanding (MoU) with Prefrontal Labs, Pune, a leading AI research organization specializing in Deep Learning, Generative AI, and Agentic AI systems. This collaboration is envisioned to foster strong industry–academia linkages, advance cutting-edge AI research, and provide enriched learning and skill development opportunities for students.

- The Department of Artificial Intelligence & Machine Learning has formally entered into a Memorandum of Understanding (MoU) with Snowflake Inc. to strengthen industry–academia collaboration and promote innovation and skill development in emerging technologies.

- A Memorandum of Understanding (MoU) was signed between Medini Technologies and BMSIT&M on 25.03.2026. The event was coordinated by Mrs. Shobha R, Assistant Professor, in the presence of Dr. Aruna G, Head of the Department of Civil Engineering, and Mr. Pradeep Kallur, Director of Medini Technologies.

Events Conducted

- The Department of Mathematics inaugurated the Math Club – Asymptotes on 17.03.2026, marking the launch of a platform to foster curiosity, critical thinking, and a deeper appreciation for mathematics among students.

- The Department of CSE organized the Dataverse Club Inauguration on 11.03.2026 for 2nd and 4th semester students, featuring Mr. Atul Tomar, Data Scientist at Philips Healthcare, as the resource person. Coordinated by Prof. Sonnegowda K and Prof. Sneha Sureddy, the event witnessed active participation from over 100 students. The session highlighted the objectives of the club, enhanced awareness of data science skills, and inspired students toward continuous learning and innovation.

- The Women Empowerment Cell of BMSIT&M celebrated International Women's Day on 14.03.2026 at the Amphitheatre, with enthusiastic participation from faculty, staff, housekeeping, and gardening staff, making it a truly inclusive event. The program was presided over by Dr. Anil G N, Vice Principal, BMSIT&M, who addressed the gathering with inspiring insights on the strength, resilience, and contributions of women in society and academia, while emphasizing the importance of women assuming leadership roles and excelling in their respective fields.

- The Rotaract Club of BMSITM Yelahanka, in association with the Melton Foundation, organized "SHERO: Run for a Cause Marathon – Menstrual Hygiene Awareness" on the occasion of International Women's Day, 08.03.2026, from 6:00 AM to 8:30 AM. The event witnessed participation from around 250 students along with members of Rotaract District 3192. Participants covered a 5 km route from BMSIT&M to Harohaalli Lake and back, promoting awareness on menstrual hygiene. The event was coordinated by Dr. Tejaswini B J, Faculty Coordinator of the Rotaract Club.

Faculty as Resource Person

- Prof. S. Naga Sushma Kothapalli, Assistant Professor, Department of CSE Division 5, served as the resource person for a webinar on "Problem Statement Formulation for Engineering Projects in Emerging AI Trends" on 28.03.2026. The session, organized under the ACM Student Chapter at Prathyusha Engineering College, Chennai, focused on guiding 2nd and 3rd year engineering students in identifying, refining, and structuring effective problem statements, thereby enhancing their project development skills in AI domains.

Faculty Achievements

- Dr. Shivakumara T, Assistant Professor, Department of MCA, has been recognized as a Wipro Certified Faculty under the Digital Skills Readiness Program for the current semester. He serves as a mentor for project-based learning (PBL) in Database Solutions Expert and has successfully cleared the TalentNext Certification assessment, demonstrating his expertise in the domain.
- Prof. Venkatesh A, Assistant Professor, Department of Computer Applications, was honored by People's Trust for his contributions to reviving Indian folk music and his dedicated volunteer work in the Tree Geo-Tagging Project in association with Green Circle, an environmental NGO.

- Prof Annapareddy Harika, Assistant Professor, Department of CSE Division4, has successfully completed the Wipro Certified Faculty Program on Data Science with Python, conducted by TalentNext on 30.03.2026.
- Prof Saritha A K, Assistant Professor, Department of CSE Division5, successfully completed the Wipro TalentNext Certified Faculty Program on Data Science with Python on 30.03.2026.

Students Achievements

- Students from the Department of Artificial Intelligence & Machine Learning (AI & ML) achieved a remarkable milestone by securing the First Prize ($400) at the PrepBot Team AI Competition, organized

by Flinders University and held on 25.03.2026 at the Taj Hotel. Further adding to this success, another AI & ML team has been selected for the National Showcase, showcasing the department's continued excellence and innovation in the field of Artificial Intelligence.

- B. S. Pranathi (USN: 1TD25CS052), a 2nd semester student (CSE Division-2, 'F' Section), actively participated in the Parishe Paper Movement, Sustainable Development Goals with Environment, and Gen AI & Prompt Engineering Workshop, organized by NSS, NatSketch, and the BMSIT Coding Club at BMSIT&M on 07.03.2026, and was awarded a Certificate of Participation.
- Division-2 students were honored with the Best Paper Award – "AI for a Sustainable Future" at the 2nd International Conference on Computing for Sustainability & Intelligent Future (Comp-SIF 2026), held on 12.03.2026. The award-winning paper, titled "AutoCIS Guard: A Retrieval-Augmented Cross-Platform System for Automated CIS Benchmarking and Remediation," was presented under the guidance of Dr. Gireesh Babu C. N.
- A project proposal by CSE Division-2 final year students has been approved for sponsorship under the 49th Series of SPP by the AI & Robotics Technology Park (ART-Park), IISc, with technical support from KSCST, in March 2026. The project is carried out under the guidance of Dr. Gireesh Babu C. N.
- Shashank S. B. (USN: 1TD24CS260), a 4th semester student (CSE Division-2, 'D' Section), participated in Astrava, organized by Dr. Ambedkar Institute of Technology, Bengaluru, on 06.03.2026, earning a Certificate of Participation. He further distinguished himself by being selected among the top 25 teams out of 700 in the Eclipse Hackathon, organized by JSSATE in association with IIT Guwahati, held on 13.03.2026.

- Nitish Kumar Sah (USN: 1BY25CS213), a 2nd semester student (CSE Division-2, ‘D’ Section), secured Second Position in the Claudathon, organized by Sri Eshwar College of Engineering, Coimbatore, on 04.03.2026, and was awarded a Certificate of Excellence.

- Poorvika N (USN: 1BY23CS157), a 6th semester student (CSE Division-2, ‘C’ Section), participated in ThinkToImpact, organized by PALS and Naandi Foundation at BMSIT, Bengaluru, on 14.03.2026, and was awarded a Certificate of Excellence.

- ECE students Akshat Jaiswal, Alan Biju, Mohammed Ayaan, and Vishnu Vijay N emerged as winners at the prestigious Innowah Hackathon, organized by PALS at IIT Madras, on 28.03.2026, and secured a cash prize of ₹50,000.

- Sumadhwa V, a 6th semester EEE student, has been selected as an IEEE PES Ambassador 2026 (Region 10) on 08.03.2026. He will promote PES Day initiatives and raise awareness on advancements in the power and energy sector.

- The GENESIS team from the Department of Electrical and Electronics Engineering (EEE) secured the 2nd Runner-Up position at SPECTRE 2026, a 24-hour national-level hackathon, held on 28th–29th March 2026 at BMSIT&M. The team—Ajay D. Bhat, Hemanth S, Sri Sai Suman G. S, and Sumadhwa V—developed AURORA (Acoustic UAV Reconnaissance & Orientation for Rescue Assistance), an innovative solution for detecting survivors in low-visibility rescue scenarios.

- The project titled “Human Mental Health Analysis using Text and Voice Data” by Ms. Manasa (USN: 1BY24MC041), IV semester MCA student, under the guidance of Dr. Aparna K, Professor, has been approved for sponsorship of ₹4,500 under the 49th Series of Student Project Programme (SPP) 2025–26 by KSCST.
- Students from the Motor Heads Club, Department of Mechanical Engineering, participated in the Engine Kart Vehicle Championship (EKVC) 2026 under both Electric and Combustion Vehicle categories, held at Hindusthan College of Engineering and Technology, Coimbatore, from 26th February to 2nd March 2026. The team won the Best Cost Award for their optimization and strong sponsorship support. The

EKVC-EV team, led by Mr. Gautam P (Captain) and Mr. Mohith M (Vice-Captain), was guided by Dr. Nagamadhu M, Faculty Coordinator.

- The Department of MCA marked the successful completion of the "1000 Trees Geo-Tagging Project", carried out in collaboration with Green Circle, an environmental NGO. The initiative, developed as a Project-Based Learning (PBL) activity by IV semester students Mr. Venu G. R and Mr. Sunny, under the guidance of Dr. M. Sridevi, HoD, involved end-to-end technology development with support from Rotaract volunteers. The project stands as a significant contribution to environmental sustainability.

- Team OffTrack, comprising Pragyan H, Piyush Maurya, Abhishek Chougala, and Lolaa M. H. (4th Semester CSE Division4), emerged as National Winners at the "Eclipse" 24-hour hackathon, organized by GDG and IIT Guwahati at JSSATEB on 13th–14th March 2026. Under the guidance of Dr. Narasimhamurthy M. S., the team secured 1st Prize and ₹50,000 for their project "IoT Trust and Drift Analysis", outperforming over 1,500 teams.

- Nedium Chandana and Deepika, 4th semester CSE Division4 students, were declared winners of the “Campus to Cosmos” competition, organized by IEEE AESS, on 10.03.2026.

- Students of CSE Division4, Hamsini K. S., Lekhana, and Likitha have secured 1st place at the HACKONOMICS 2026 Ideathon & Innovation Challenge, outperforming over 200 participants.
- Team Ace, comprising Piyush Mourya, Harsh, Mohitha, and Mehak from 4th Semester, CSE Division44, secured 3rd place at KRISHIMANTHAN, a 36-hour hackathon held at MCE, Hassan, on March 25–26, winning a cash prize of ₹11,000.

- Srisha Prajwal G, Harshil Sharma, and Dharmit Chauhan, students of 4th Semester, CSE Division-4, participated in Anveshana, a national-level project competition held on 27.03.2026, and secured a Consolation Prize of ₹15,000.

- Students of 4th Semester, CSE Division4 Shravani, Hima, Lola, and Pragya have secured 4th place at the Krishimanthan 36-hour hackathon, winning a cash prize of ₹4,000 in the competitive "Soil to Solution" challenge.
- Lakhsshinia, a student of 4th Semester, CSE Division4, participated in the AI Anantapur Police Hackathon 2K26, a national-level event organized by the Anantapur Police Department in collaboration with Incux AI on 28.03.2026.
- AgroShare – Smart Farm Equipment Sharing Platform is a mobile-based application that enables farmers to easily find and rent nearby agricultural machinery, promoting cost-effective equipment sharing and improved farm efficiency through a simple digital platform. The project was developed by a multi-cluster team comprising Amith KR (1BY24CS227), Tejas RK (1BY24CS309), Bhavish (1TE24CS088), and Sagar P (1BY24CS244), who collectively contributed to its design and implementation.

- Tejaswini S, a 6th-semester ISE student at BMS Institute of Technology & Management, received the Best Paper Award in Track-1: Sustainable Computing Technologies at COMPSIF 2026 under the guidance of Dr. Arun Kumar B R. Her paper, "Zero-Day Detection and Mitigation Framework for Kubernetes Microservices: Graph Neural Network Approach with Explainable AI," presents an AI-driven cybersecurity solution for proactive detection of zero-day vulnerabilities in Kubernetes environments.
- Team GARUDA from the 6th semester participated in Anveshana: National Level Prototype Competition held on 27.03.2026 with their project titled "Coastal Integrated Alert and Communication Network." The team members, Tejashwini S. Uranakar (1BY23IS234) and Srijan U. (1BY23EC108) showcased an innovative prototype addressing critical coastal communication needs. Their strong performance secured them 3rd place in the competition along with a cash prize of ₹20,000.

- A team of students of BMSITM participated in the Intercollegiate Techno-Cultural Fest "YUKTI – 2K26" held at VTU, VIAT, Muddenahalli, Chikkaballapur on 24th to 25th March 2026 and secured multiple prizes.

Tanu Shree (1TE25CS307), Sonika K (1TE25CS283), G R Divyashree (1TE25CS105), Chandana H R (1TE25CS076), and Manya Sinha (1BY25CS175) won 1st Prize in Brand Blitz. Sonika K (1TE25CS283) also secured 1st Prize in Rhythmic Rapture. Aayush Patel (1TE24CS012) and Kartikeya Verma (1BY25CS143) achieved 1st Prize in Technical Debate. Chandana H R (1TE25CS076) and Chandana GV (1TE25CS075) secured 2nd Prize in Cooking Without Fire.

- A troop of students of BMSITM participated in the Intercollegiate Fest "MAGNUS" held at PRIMUS Institution, Singanayakanahalli, Bengaluru on 24th to 25th March 2026 and secured 2nd Prize in Group Dance. The winning team comprised Saanvi Devi Kadambalithaya (1BY23IS183), Hitha P (1BY23AI061), Inchara G Kundur (1BY23CS091), M Punyashree Jain (1BY23IS101), and Chitrabhanu B (1BY23CB011).

Industrial Visit

- As part of an academic field visit, 6th semester Civil Engineering students (2023 batch) visited the Karnataka State Natural Disaster Monitoring Centre (KSNDMC) on 13th March 2026. The visit enabled students to gain practical exposure to hydrological disasters, climate change, and disaster management practices. Experts at the centre provided insights into real-time monitoring systems, early warning

mechanisms, and ongoing research, while also informing students about opportunities in GIS-based analysis and internships. The visit was facilitated by faculty members Mrs. Archana K, Mrs. Shimna Manoharan, Dr. Chandrashekharappa A, and Mr. Siddananjaiah.

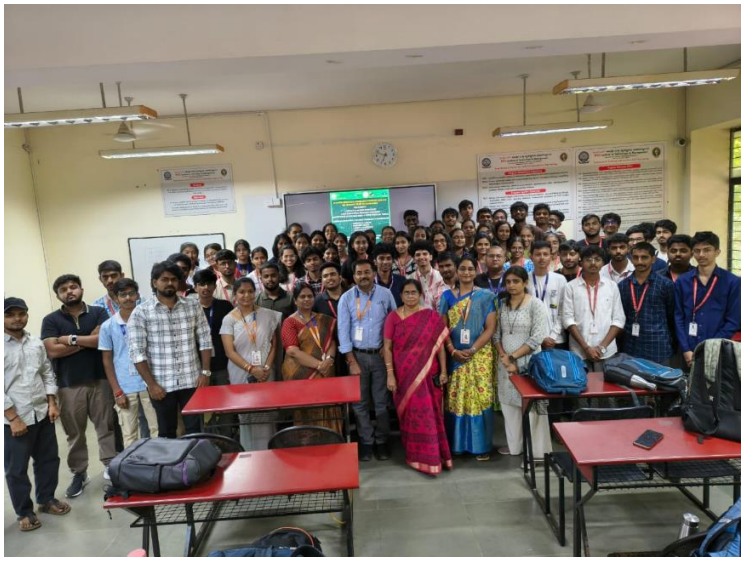

- The Department of Civil Engineering organized an educational visit to the Traffic Management Centre, Bangalore on 26.03.2026 for 4th semester students, coordinated by Dr. Marsh M. Bandi, with 49 students participating. The visit provided exposure to AI-driven traffic monitoring systems, adaptive signal control, and real-time congestion management technologies. Students also learned about incident response systems and sustainable urban mobility, gaining practical insights into modern traffic engineering applications.

- The Department of Electronics and Communication Engineering (ECE) organized an industrial visit to the Karnataka State Natural Disaster Monitoring Centre (KSNDMC), Bengaluru, on 10.03.2026. The visit provided students with valuable exposure to practical applications, ongoing research activities, and innovative solutions for societal development.

- The Department of Electronics and Communication Engineering (ECE) organized a three-day industrial training program on Altium PCB Design from 28th to 30th March 2026, in association with the E-Yantra Club, BIS ECE Student Chapter, IETE, and IIC.

Students Workshops/Events Conducted/ Organised

- The Department of Artificial Intelligence & Machine Learning (AI & ML) successfully organized the Snowflake AI Students Skillathon on 10.03.2026, in collaboration with Snowflake Inc. The session was led by Rajesh Rajagopalan Nambiar, Principal Solution Engineer at Snowflake, who shared in-depth knowledge of the Snowflake Data Cloud and its real-world applications.

- The Department of Artificial Intelligence & Machine Learning (AI & ML) conducted a 5-Day Skill Development Program (SDP) on AI Agent Development from 23.03.2026, with active participation from IV Semester students. The sessions, led by Ajinkya Lohakare, CTO & Founder of Ditto Security, provided insights into advanced AI agent development and real-world applications, enhancing students' practical knowledge and exposure to emerging technologies.

- The Department of Civil Engineering, BMSIT&M organized a Senior-to-Junior Interaction Talk on 11.03.2026 for 6th Semester students to guide them on placements and GATE preparation. Senior students Ms. Adilakshmi K and Mr. Dahib Altaf shared valuable insights, motivating students to enhance their technical and aptitude skills. The session was coordinated by Dr. Chandrashekharappa A and Mrs. Shimna Manoharan.

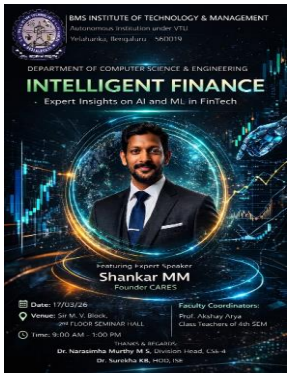

- The Department of Civil Engineering conducted a three-day workshop on “BIM Fundamentals” from 11.03.2026 to 13.03.2026, coordinated by Dr. Marsh M. Bandi and Dr. Lalit Kumar Gupta, with 54 students participating. The workshop covered Building Information Modelling (BIM) concepts such as 3D modelling, design optimization, clash detection, and Revit tools, along with hands-on activities in modelling, quantity take-offs, and drawing preparation. Advanced topics like 4D scheduling and 5D cost estimation were also introduced.

- The Department of Electronics and Telecommunication Engineering (ETE) organized a Parent-Teachers Meeting on 28.06.2026 for 6th semester students, with active participation from parents. Dr. Mallikarjuna Gowda C. P., Head of the Department, addressed the gathering, emphasizing the importance of attendance, internal assessments, placements, and skill development.
- A Parent-Teacher Meeting was conducted on 28.03.2026 for 6th Semester ISE students, facilitating meaningful interaction between parents and faculty to discuss academic progress, performance, and overall development, while addressing concerns and strengthening collaboration for student success.

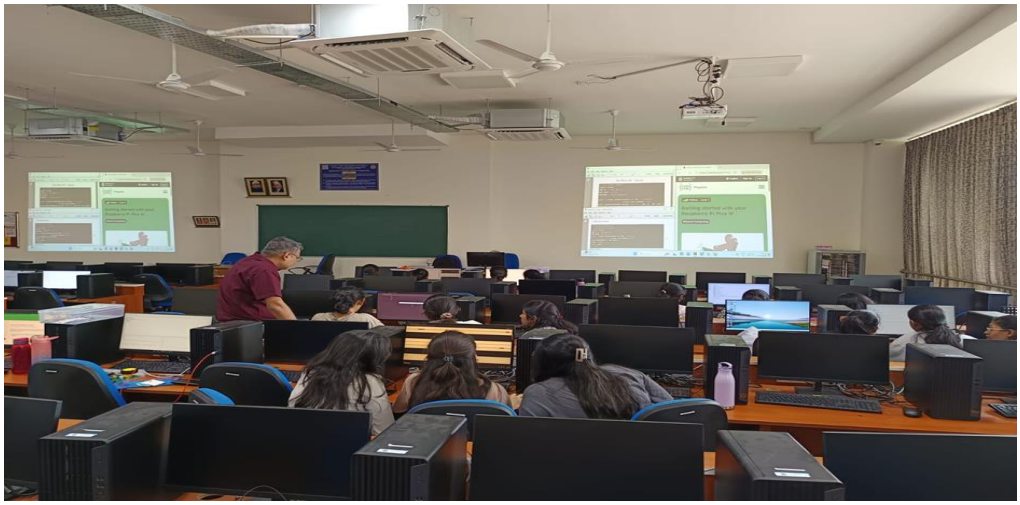

- A workshop on “Intelligent Finance: Expert Insights on AI and ML in Fintech” was conducted for 4th semester students on 18.03.2026. The session, delivered by Mr. Shankar M. M., Founder of CARES, provided valuable insights into the applications of AI and ML in modern financial systems, enhancing students’ understanding of emerging fintech trends and real-world implementations.

- The Department of CSE, Division 5, conducted a two-day Skill Development Program (SDP) for 4th semester students titled “IoT Workshop on Smart Systems” on 27th and 28th March 2026. The session was led by expert resource person Mr. Raghuram Shivram and coordinated by Dr. Geeta Patil along with faculty coordinators Prof. Puspanathan, Prof. Soumya K, Prof. Sneha Sureddy, and Prof. Saritha A K, providing hands-on exposure to IoT-based smart systems.

- The Department CSE Division1 organized a hands-on workshop on “Introduction to Smart IoT Systems using Raspberry Pi Pico W” from 16.03.2026 to 18.03.2026 at the Aryabhata Lab, Sir C.V. Raman Block, BMSIT&M. The session was conducted by Mr. Raghuram Shivram, Director of Pushkala Technologies Pvt. Ltd., and witnessed participation from 210 students.

FDP Organised

- The Department of MBA organized a five-day Faculty Development Program (FDP) on “Futuristic Pedagogy and Outcome-Based Education for Transformative Higher Education” from 24.03.2026 to 28.03.2026. The FDP featured expert sessions on NEP, AI-enabled teaching, NLP, outcome-based education, and innovative pedagogies, equipping faculty with modern, outcome-driven teaching practices.

Professional/Club Activities

- The AR/VR Hub, BMSIT&M organized an AI Youth Skill Program titled “AI Skills Passport Event 2026” on 25.03.2026, focusing on AI and digital skill development. Over 250 students gained hands-on experience with AI tools, including prompt-based development and web solution deployment. Experts from 1M1B, Microsoft, and EY shared insights on AI trends and career opportunities, inspiring students to explore AI-driven careers.

- The Department of MBA, BMSIT&M organized an HR Conclave on “HR as a Business Multiplier in the Era of GenAI” on 28th March 2026 at the BSN Auditorium. The event featured eminent industry experts from Schneider Electric, Northern Trust, ABB Robotics, Lifesight, and Sagility, who shared insights on AI-driven HR transformation, evolving skill requirements, and strategic HR practices. A panel discussion further explored emerging trends, making the conclave a valuable platform for understanding the future of HR in the GenAI era.

- The Coding Club successfully organized a coding competition titled “Syntax and Stakes” on 17.03.2026. The three-round event, aimed at testing programming and problem-solving skills, witnessed enthusiastic participation with over 120 students and 30+ teams. Participants competed across multiple rounds that challenged their logical thinking, coding ability, and teamwork. The competition concluded with winners from the 2nd year CSE department, demonstrating exceptional coding skills and strategic problem-solving.

Alumni Interaction

- An alumni talk by Mr. Rakesh G. B on “Building a CAE Career for Mechanical Engineers” was organized on 24.03.2026 for 6th semester Mechanical Engineering students, offering insights into CAE tools and industry practices.

- Alumni actively contributed to Utsaha Vaibhava 2026 by sponsoring three events and engaging with the campus through mentorship sessions, panel discussions, and certificate collection. A total of 15 alumni visited during March 2026, reflecting strong and continued alumni involvement.
- The Department of Computer Science & Engineering organized an Alumni Talk on 25.03.2026, featuring Mr. Shri Adithya M (ISE, 2025 outgoing batch), AI Security Engineer at SISA. The session highlighted career opportunities in the AI domain and emphasized the importance of strong technical skills. He shared valuable insights on placements, projects, internships, and industry expectations, encouraging students to focus on practical learning and skill development. The interactive session provided clarity on career paths in AI and motivated students to prepare effectively for future opportunities.

- The Department of Electrical & Electronics Engineering organized an Alumni Talk on 27.03.2026, featuring Mr. Naveen Bogi (EEE, 2019 outgoing batch), Senior Software Engineer at Siemens Technology and Services, Bengaluru. The session focused on career guidance and industry opportunities, with insights on resume building, interview preparation, and emerging career paths. He also highlighted internship and job opportunities, helping students understand industry expectations. The talk enhanced students' career readiness and provided valuable exposure to real-world opportunities.

- The Department of Electronics and Communication Engineering organized a panel discussion on 28.03.2026 on careers in Core ECE, featuring alumni Mr. Komal Kumar (ECE, 2009 batch), Mr. Karthik Bhat M (ECE, 2023 batch), Mr. Hemanth S. Manjunath (ECE, 2023 batch), Mr. Poornachandra N (ECE, 2018 batch), and Mr. Mohd Fahad R (ECE, 2023 batch). The panelists from leading industries shared insights on skills, projects, and career opportunities in embedded systems and VLSI. The interactive session provided valuable guidance on placements and industry expectations, helping students gain clarity and prepare for their future careers.

International Journal/ Conference Publication/Book Chapters/Books

International Journal:

- Dr Rajesh Gopinath (Professor, Department of Civil Engineering) has published his ecological research article, with Citation as follows: R. Gopinath et al., (2026). First photographic record of Chitoria sordida sordida (Moore, 1866) (Insecta:Lepidoptera: Nymphalidae: Apaturinae) from Arunachal Pradesh, India Journal of Threatened Taxa 18(3): 28600–28603. https://doi.org/10.11609/jott.9480.18.3.28600-28603
- Krishnamoorthy, R., Gireesh Babu, C (Associate Professor, CSE Disvision2)., Gite, P. et al. Federated Learning for Dynamic Resource Allocation in 6G Network Slicing. Wireless Pers Commun (2026). https://doi.org/10.1007/s11277-026-11943-3.

- Venkataswamy, S.B., Patil, K.S., Bhyratae, S.A. et al. Real-time Traffic Prediction for Smart Logistics Using Hybrid Deep Learning-based Traffic Prediction on Cloud Platform. Int. J. ITS Res. (2026). https://doi.org/10.1007/s13177-026-00638-5. (Scopus and Web of Science) Q2.
- Venkataswamy, Srinivas Byatarayanpura, Vinutha Krishnaiah, S. Veena, and Manjula H. Nebagiri. "Energy and Delay Optimized Task Offloading Framework in Edge Computing Using DDPG with Dual Critic Attention and Uncertainty-Aware Experience Replay." Cybernetics and Information Technologies 26, no. 1 (2026): 55-71. https://doi.org/10.2478/cait-2026-0004 (Scopus and Web of Science) Q2.
- Dr. Tejaswini B J, Assistant Professor and head, HSS department, has published a paper titled "The Intersection of Law and Technology: A Critical Study on Regulatory Challenges and Ethical Implications in the Digital Era" in an open-access International Journal-Scientific Culture, Vol. 12, No.4(2026), pp 1330-1339, DOI: 10.5281/zenodo. 12426218.

International Conference:

- Simhadri M H, Mallikarjuna gowda C P, Associate professor, ETE Department, presented paper titled on "Workforce efficiency in factories, Computer vision approach" in International conference on Intelligent Computing and Communication Systems (CICCS-2025) , IEEE Bangalore section .
- Divya H. N. "A Systematic Review on Sustainable Energy Transition in Electric Vehicle." In Proceedings of the AIP Conference, vol. 3382, no. 1. AIP Publishing, March 12, 2026.
- Divya H. N. "Implementation of Taguchi L9 design for optimize laser machining parameters on SS304 stainless steel." In Proceedings of the AIP Conference, vol. 3382, no. 1. AIP Publishing, March 12, 2026.

Book Publication:

- Divya, H. N. Economics for Managers. Chyren Publication, 2026. https://doi.org/10.5281/zenodo.18810290

Patents published/Granted

- A patent has been granted to Dr. Shivakumara T, Assistant Professor-II, Department of MCA, Dr. Drakshaveni G, Associate Professor, Department of Computer Applications, Prof. Nirupama B K, Assistant Professors, Department of MCA and Prof. Dwarakanath G V, Assistant Professors, Department of MCA on 26.03.2026, with Design No. 489364-001 titled "AI Monitored Self Controlled Trolley".
- A patent has been granted to Dr. Shivakumara T, Assistant Professor-II, Department of MCA and Dr. Swetha M S CSE Division4, on 26.03.2026, with Design No. 490238-001 titled "IOT Controlled Measuring Tape".
- A patent has been granted to Dr. Shivakumara T, Assistant Professor-II, Department of MCA on 17.03.2026, with Design No. 486858-001 titled "AI Integrated Automated Digital Microscope".

- A patent has been granted to Dr. Shivakumara T, Assistant Professor-II, Department of MCA on 12.03.2026, with Design No. 477301-001 titled “AI Controlled Telescope”.
- A patent has been granted to Dr. Shivakumara T, Assistant Professor-II, Department of MCA on 23.02.2026, with Design No. 477957-001 titled “AI Based Ancient Artefact 3D Scanning Device”.

BICEP Activities

- **EmpireX – A Battle of Strategy and Skill**

The Entrepreneurship Cell of BMSIT&M organized EmpireX, an engaging business simulation event, on 13.03.2026 in the Seminar Hall, where teams of 3–4 participants competed for a prize pool of ₹6,000, showcasing their financial acumen, strategic thinking, and negotiation skills. The event featured three dynamic rounds, including a Monopoly-style asset-building game, a “Fate Cards” round testing adaptability to market uncertainties, and a final round where teams developed and pitched business models evaluated on creativity, feasibility, and strategy.

Team Mardawi secured first place, followed by Team RCB and Team Cash Overflow, making the event a successful blend of learning and practical exposure to finance, risk management, and entrepreneurship.

- **Anveshana National Level Prototype Competition 2026**

Anveshana 3.0, a national-level prototype competition organized by BMS Institute of Technology & Management in association with BICEP and IIC, concluded on 27.03.2026 in the presence of Chief Guest Sri. Ravi Koodli Nagaraja. Held under the leadership of Dr. Sanjay H A and Dr. Seema Singh, and coordinated by Prof. Shama H M, the event received 1143 registrations, with 100 teams shortlisted and 50 teams advancing to the final prototype demonstration round.

The finale featured an interactive exhibition showcasing innovative solutions across multiple domains. Baymax secured 1st prize (₹60,000), followed by Hear Well (₹40,000) and Garuda (₹20,000). The event successfully promoted innovation, collaboration, and entrepreneurial thinking among students.

NCC Activities

GROUP COMMANDER'S VISIT- 10th MARCH

Group Commander Col. S. S. Kalia, NCC Bangalore 'B' Group, visited BMS Institute of Technology & Management on 10.03.2026 to review the performance of NCC cadets and engage with them. In his address, he emphasized the values of discipline, leadership, and commitment, encouraging cadets to strive for excellence and participate in national-level camps. Cadets who had attended various national camps were felicitated for their achievements, making the session both inspiring and motivating, while reinforcing the NCC motto of unity and discipline.

NCC 'B' CERTIFICATE EXAMINATION – 14th & 15th MARCH

The Pan-India NCC 'B' Certificate Examination was conducted on 14th and 15th March 2026 at St. Claret PU College, marking a significant milestone for NCC cadets. A total of 10 cadets from BMSIT&M, including 8 Senior Division (SD) and 2 Senior Wing (SW) cadets, appeared for the examination. The assessment comprised both practical and theoretical components, covering areas such as drill, map reading, field craft, and general NCC subjects. The participation reflected the cadets' dedication to discipline, training, and overall development within the NCC framework.

IDSSC FIRING PRACTICE – 25th & 26th MARCH

NCC cadets from BMS Institute of Technology & Management participated in the IDSSC (Inter Directorate Sports Shooting Championship) firing practice held at the Hosahalli Firing Range from 25.03.2026 to 27.03.2026 for battalion-level selections. The session focused on developing marksmanship skills such as aiming, accuracy, and safe weapon handling. It served as a key platform for evaluating and shortlisting cadets for further selection stages, while also enhancing their confidence, precision, and discipline.

Sports Activities

- The Men's Football Team of the college secured the Runner-Up position at the RV University *JEET 2026* Intercollegiate Sports Fest Football (Men) Tournament, held on 2nd and 3rd March 2026 at RV University, Bengaluru.

- Hari Rajiv, a 6th semester ECE student, represented the college in the prestigious Vizzy Trophy, recognized by the Board of Control for Cricket in India (BCCI), held in Goa from 01.03.2026 to 07.03.2026. The Principal extended heartfelt wishes for his continued success and future achievements.

- Impu Rao H. M. (USN: 1BY22CS085), an 8th semester student (CSE Division-2, 'B' Section), participated in the VTU State Level Athletics Tournament 2025–26, organized by VTU at Tiptur, Karnataka, on 26.03.2026, and was awarded a Certificate of Participation.
